## WELCOME

As the new school year begins, I would like to take this opportunity to reintroduce myself as the Careers Advisor at The Howard School. This year is going to be an exciting one and I'm looking forward to helping you as you start to think more seriously about your future.

Below is details of the support available and an attached booklet with further information.

### Guidance

Careers guidance is offered throughout the year to all students that may need support with their futures. You will also find an attached booklet explaining the options open to you after Year 11.

### Careers Fayre 12th February

Students will get the chance to meet with various employers, universities, colleges and independent training providers to gain an understanding of the different roles and skills needed to be successful.

### Mock Interviews 22nd January

Mock interviews have such a practical impact on students futures - learning how to dress, speak and answer classic interview questions with real-life employers.

All students will continue to have access to Unifrog and can access it at home. Its a great tool for researching various careers, exploring pathways, quizzes, MOOCs and creating a CV.

### Extra Support

You can find extra information, links, support, referral forms on the Careers Section of the schools website.

<https://www.thehoward-that.org.uk/careers>

As always we are keen to hear your thoughts about our careers programme and any ideas or suggestions you may have about how it could be developed.
